AN INNOVATIVE EVENT

4|5
june
2026

Fiera di Bergamo

interzum forum italy

After the great success of the first edition, **interzum forum italy returns on 4th and 5th June 2026 to the modern Bergamo Exhibition Centre.**

216 exhibitors and 4,820 visitors from 52 countries attended this brand new event dedicated to suppliers to the Italian and European furniture industry and interior design market.

The new formula combining the trade fair event with conferences and networking activities was greatly appreciated by both exhibitors and visitors.

What will tomorrow's living spaces look like?

What needs will the furniture industry have to meet in the future?

interzum forum italy presents ideas, inspiration and innovations to answer these questions.

Why exhibit? 10 good reasons...

- 01. THE GUARANTEE OF THE INTERZUM BRAND**
Each year, Koelnmesse organises this unmissable event for operators from all over Europe, which takes place in Cologne in odd-numbered years and in Bergamo in even-numbered years.
- 02. AN INTERNATIONAL EVENT**
interzum forum Italy follows the international vocation of the Cologne trade fairs, catering for both Italian and European exhibitors.
- 03. THE CONFERENCE**
A unique opportunity for training, updates and discussions. At the inaugural edition, the high quality of the programme and the expertise of the speakers played a fundamental role in attracting highly qualified companies and visitors from all over Europe.
- 04. A COMPREHENSIVE PRODUCT OFFERING**
The exhibition area at interzum forum italy features a comprehensive product range, in line with the product categories present at interzum cologne: Function & Components, Materials & Nature and Textile & Machinery.
- 05. THE LOCATION**
The Bergamo Exhibition Centre is a modern trade fair centre in a central location, served by an extensive transport links with Italy and abroad, with large parking areas and tailored logistics for exhibitors and visitors.

- 06. AN INNOVATIVE EXHIBITOR AND VISITOR-FRIENDLY FORMAT**
An event designed specifically for exhibitors and visitors, where they can optimise their time and concentrate solely on business meetings in a pleasant setting. Centrally located and easily accessible from both Italy and abroad, the venue offers convenient parking located just metres from the trade fair entrance. It offers two large, bright and interconnected halls and a functional and technologically advanced conference hall with seating for 400 attendees.
- 07. A LIGHT EVENT**
The modern, simple and casual two-day format is specifically designed for companies, allowing them easily incorporate the event into their business plans as it requires minimal organisational and financial commitment from exhibitors.
- 08. BIENNIAL**
The event fits perfectly into the international trade fair calendar, alternating every two years with interzum cologne, the main platform for suppliers to the industry and the interior design sector.
- 09. MULTIPLE EXHIBITION SOLUTIONS**
The location offers a full range of exhibition solutions: customised layouts, pre-built stands or linear Boulevard walls.
- 10. VISITATORS**
There will be opportunities to engage with right target audience, representing all sectors in Italy and abroad, thanks to a major investment in promotion and communication, as well as international relations ensured by the synergy with the Cologne trade fair.

EXHIBITION SOLUTIONS

RAW SPACE

The ideal solution for exhibitors who want to use their own fittings to create a space in line with their corporate identity and image.

PRE-BUILT STAND PACKAGES

Modular stands, from 12 m², with predesigned structure (partially customisable).
A practical solution that minimises organisational input and setting up and dismantling activities.

PREMIUM PRE-BUILT STAND PACKAGES

A functional solution suited to those looking for the practicality of a pre-built stand while retaining the unique character of their company, thanks to extra services that meet all demands.

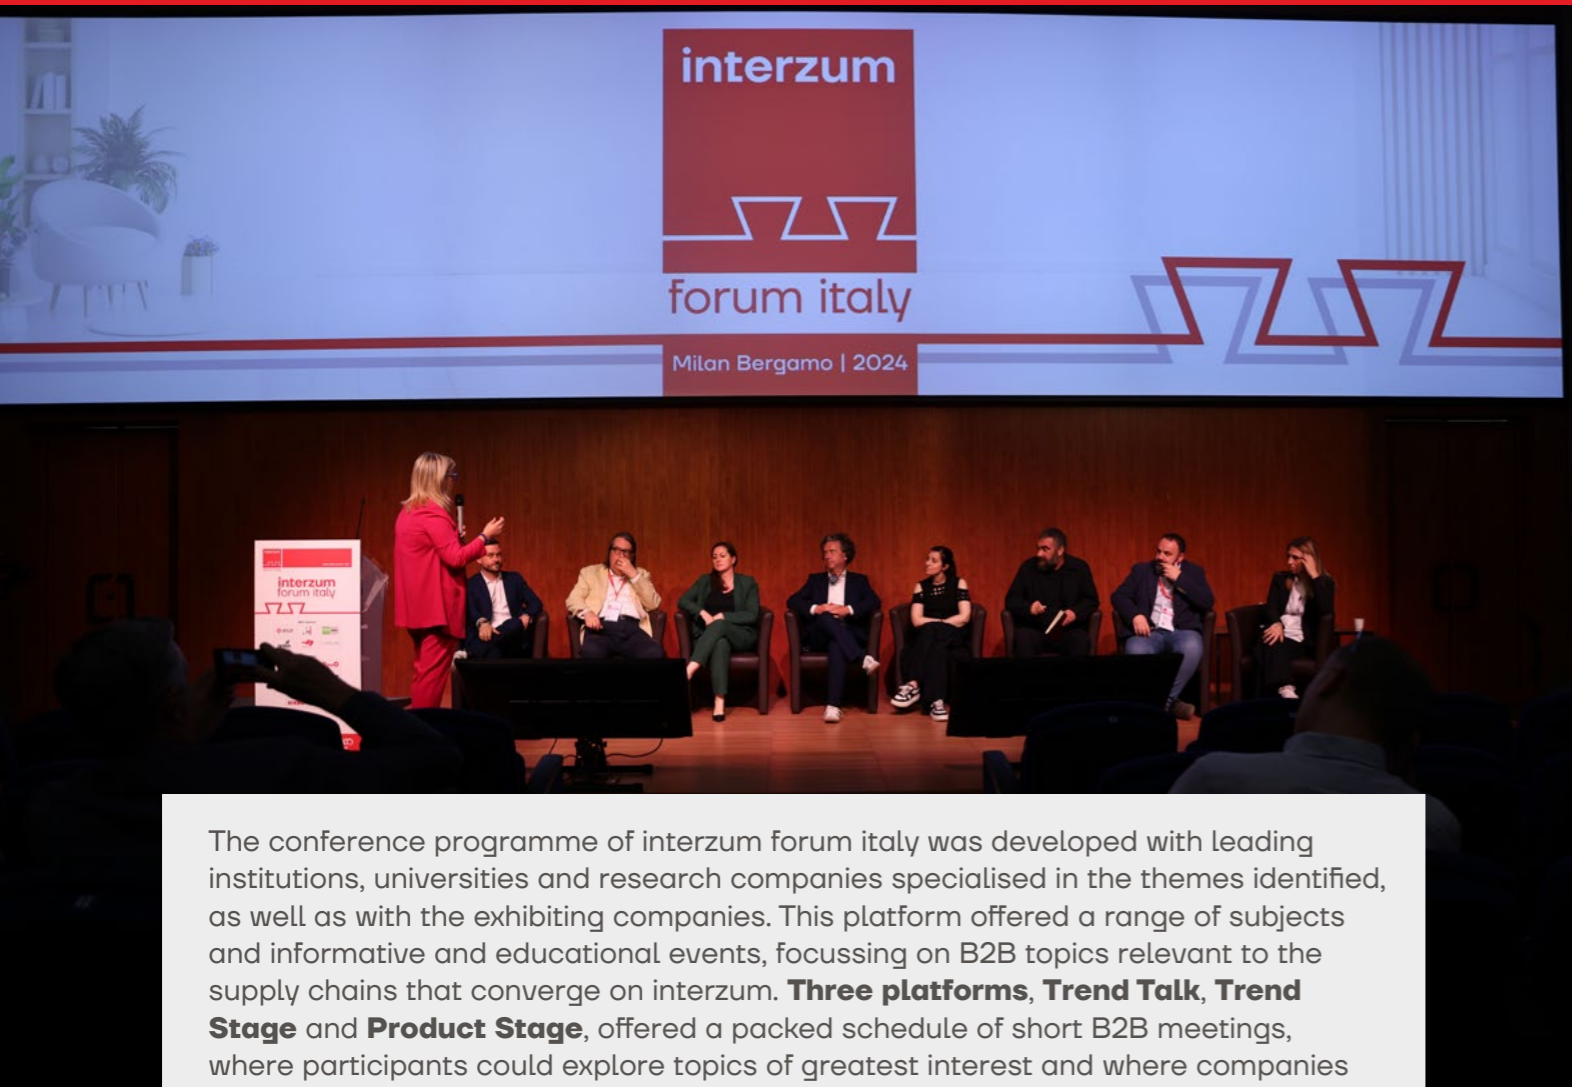

BOULEVARD

Exhibition wall of 2.5 or 5 linear metres, with desk and stools for welcoming customers. A easy, economical solution.

THE CONFERENCES

Watch the videos:

The conference programme of interzum forum italy was developed with leading institutions, universities and research companies specialised in the themes identified, as well as with the exhibiting companies. This platform offered a range of subjects and informative and educational events, focussing on B2B topics relevant to the supply chains that converge on interzum. **Three platforms, Trend Talk, Trend Stage and Product Stage**, offered a packed schedule of short B2B meetings, where participants could explore topics of greatest interest and where companies could present their latest products. Discussions centred around trends, innovative technical and technological solutions, new materials, products and processes with low environmental impact, and digitalisation within production and services: an array of topics and formats designed to address all the needs of the sectors involved.

INTERZUM FORUM ITALY AWARD

interzum forum italy also offers an award!

Complementing the event, the interzum forum italy award will be presented.

An **international jury of experts** will evaluate the best products and services submitted by exhibiting companies.

This selection will highlight proposals that capture market trends and highlight developments within the sectors represented in the exhibition spaces of the Italian event.

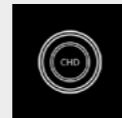

MATCHMAKING

In the matchmaking area, organised for the occasion, exhibitors had the opportunity to plan **one-to-one meetings** with design studios and firms, general contractors, and Italian and international buyers.

Again in 2026, exhibitors will be able to benefit from this valuable B2B service without paying extra.
